To Reverend Koichi Sasaki, President of Sotoshu
March 8th, 2012

Dear Rev. Koichi Sasaki

In this particular moment, one year after the « Great East Japan Earthquake » which produced so many destructions, the Association Zen Internationale and its members want to witness their emotion and their sympathy for Japanese people.

In the temples affiliated on our Association we will conduct a memorial service for the victims and sound the bells on March 11th, following the calling of Sotoshu.

We understand the suffering of the disaster victims, the effort of members of Sotoshu and the hard task of Japanese people for reconstruction of devastated areas and for solving the nuclear accident.

We have confidence that Japan will overcome these presents difficulties.
